# DELTA SQUAD FOUNDATION

Academy Operations Platform & Role Service Catalogue

● SYSTEM LIVE & OPERATIONAL

**Deployment:** Netlify + Supabase DB
**Security:** Server-Side RBAC & Signed URLs
**Date:** October 2026 | Client Handover

### 🌐 Frontend Layer

React 18 + Vite hosted on Netlify CDN with localized navigation, fast client routing, and responsive dashboard widgets.

### 🔒 Security & API Engine

Node/Express API with strict server-side RBAC, JWT tokens, bcrypt encryption, and complete SQL ownership verification.

### 🗄️ Relational Data & Storage

Supabase PostgreSQL with ACID relational foreign keys + Private Buckets for tamper-proof video drills & notes.

## 1. Operational Roles & Service Capability Matrix

| Module / Service | Training Commander | Admin Officer | Cadet (Trainee) |
|---|---|---|---|
| Admin Accounts Management | Full Control (Exclusive) | Access Restricted | Access Restricted |
| Cadet Roster & Subject Assignments | Full Oversight | Create / Edit / Assign | View Own Profile Only |
| Daily Attendance Parade Runs | Oversight & Audit | Mark / Correct Sessions | Personal % & History |
| Academics, Tests & Grading | Oversight & Audit | Create Tests / Enter Scores | Personal Scores Only |
| Physical Drill Evidence (Video) | Review & Approve | Review & Evaluate | Upload Video (50MB) |
| Leave Requests Management | Approve / Reject | Approve / Reject | Apply & Track Status |
| Notice Board & Course Notes | Publish & Upload | Publish & Upload | View & Download |
| Institutional Audit Logs | Full History Ledger | Activity Viewer | Access Restricted |

## 2. Public Portal & Admissions Inquiries

### Public Admissions & Academy Showcase (deltasquads.netlify.app)

`Access: Public / Open`

**Cinematic Video Header**
Showcases academy spirit with "Train Hard. Lead Stronger" motto and dynamic video background.

**Foundation Gallery & Posters**
Presents Lt. Esan's leadership activities and 100% Scholarship program criteria.

**Live Counselling Registration Form**
Captures incoming candidates for JLP, SLP, YLP, and SSLP courses directly into PostgreSQL.

**Instant Lead Storage**
Form data triggers backend validation, storing contact details for administrative admissions follow-up.

## 3. Detailed Service Breakdown by Operational Role

### 🎖️ Training Commander Portal — Supreme Governance

`URL: /commander | Login: commander@commander.com`

**Live KPI Command Dashboard**
Real-time aggregate counters for Active Cadets (6), Operational Admins (1), Academy Attendance (84.6%), and Pending Drills.

**Automated Anomaly & Alert Engine**
Instantly flags red lines: low-attendance cadets (< 75%) and pending unreviewed physical drill submissions.

**Admin Accounts Management (/admins)**
Exclusive executive privilege: create, inspect, deactivate, or delete operational Admin accounts.

**Institutional Audit Ledger (/audit-logs)**
Inspects unalterable record changes: actor, action, timestamp, target entity, and previous vs. new values.

**Academy Performance Reports (/reports)**
Aggregate reporting across batches, subject performance trends, and individual cadet history profiles.

**High-Level Oversight of Drills & Leaves**
Ability to inspect all pending leaves and physical drill submissions alongside administrative officers.

**MEETING SPEAKING SCRIPT FOR COMMANDER DEMO:**
"When we log in as the Commander, we have top-tier oversight. The dashboard automatically calculates academy-wide attendance and flags any cadet slipping below benchmarks. Notice the Admin Accounts panel: only the Commander can provision or remove staff. Every single grade update, attendance change, or decision is archived in the tamper-proof Audit Log."

### 📋 Admin Officer Portal — Daily Academy Operations

`URL: /admin | Login: admin@admin.com`

**Cadet Roster & Enrollment Management**
Create, update, and manage cadets with roll numbers, assigned squads/batches, and subject curriculum checklists.

**Daily Parade Attendance Engine (/attendance)**
Session-based muster. One-click 'Mark All Present/Absent', historical session reopening, and audited record correction.

**Academics, Marks & Exam Results (/academics)**
Set up assessments (Written, SSB, GTO, Psych) with maximum scores. Enter marks with strict boundary validation.

**Physical Video Verification Desk (/physical)**
Stream cadet-submitted workout videos via short-lived 5-min signed URLs. Enter instructor critiques and click Accept/Reject.

**Cadet Leave Desk (/leaves)**
Review cadet applications (medical, emergency). Approve or deny with recorded administrative justification remarks.

**Notice Board & Training Materials (/notices, /notes)**
Broadcast urgent alerts (triggers in-app notifications) and upload secure training compendiums to Supabase storage.

**MEETING SPEAKING SCRIPT FOR ADMIN DEMO:**
"The Admin portal is built for operational speed. During morning muster, the officer selects the subject and can mark the entire batch present in one click. In Physical Verification, videos submitted by cadets are streamed securely via temporary signed tokens—the officer adds critique remarks and approves the drill."

### 🎯 Cadet (Trainee) Portal — Self-Service & Evidence

`URL: /cadet | Login: cadet@cadet.com`

**Personal Performance Dashboard**
Interactive percentage rings showing overall attendance (e.g. 90%), sessions attended, academic GPA, and drills passed.

**Granular Subject-Wise Attendance**
Individual attendance breakdown for enrolled subjects (Physics, Mathematics, SSB Prep, General Studies).

**Physical Training Video Uploader (/physical)**

**Official Transcripts & Exam Results (/results)**

Select activity, date, and upload MP4/WebM video proof (up to 50MB) with an interactive percentage progress bar.

Securely view published exam rankings, psychological dossier evaluations, and GTO performance cards.

**Digital Leave Applications (/leaves)**

Submit leave duration and grounds. Monitor administrative decision and remarks in real time.

**Study Compendiums & Urgent Notices**

Download official notes uploaded by instructors and receive instant alerts on training schedule changes.

**MEETING SPEAKING SCRIPT FOR CADET DEMO:**

"On the Cadet side, data privacy is absolute: trainees only see their own attendance rings, scores, and leaves. Cadets upload their physical exercise videos directly through the portal with a live progress bar, giving the academy verifiable digital proof of training."
